

# Talent Sourcing

Information Technology Talent Sourcing in  
Banking, Financial Services & Insurance

COBOL to Python,  
Mainframe to Cloud

## On-Demand Recruitment of IT Manpower

Since our inception in 2012, Blue Dot Recruitment has established itself as a leading provider of Information Technology Talent Sourcing. We combine the latest technology with traditional recruitment methods to source highly skilled IT specialists for our clients.

By using the latest sourcing tools and techniques, our unique global headhunting approach allows us to attract the best talent which makes us a preferred supplier of IT talent.

## Our IT Talent Sourcing Services

### PERMANENT

Blue Dot has mastered the art of permanent IT recruitment for BFSI sector. We provide sought after IT skills while adhering to client's Employment Equity requirements.

### CONTINGENT

We have an excellent track record in providing IT contractors at the best possible rates to our clients. Our contingent staff is known for their exceptional quality and contribution to the organisation.

### EXECUTIVE

We are able to fill your executive staffing requirements with the sensitivity and attention that is required. Our consultants have extensive knowledge in handling executive placements.

### PROJECT

Our ability to source both local and overseas contingent staff provides Blue Dot an edge to quickly assemble IT teams tailored to client's specific project.
